SKILLS

As a Graphic Designer I use Adobe, Microsoft Suite and when dealing with the web I usually design through Wordpress. But one of the things I've learned about this profession is that we never stop learning.

I'm a skilled professional who combines creativity and technical expertise to effectively communicate ideas and information through visual media, utilizing design principles, typography, color theory, and other tools to create visually compelling and engaging designs.

EXPERIENCE

Walt Disney World | 2014-now

Fantasyland Merchandise

- Provide magical customer service for the guest.
- Help maintain the appearance of the store.
- I am responsible for the implementation of ear muffs during the fireworks for guests that are sensitive to the noise.

PR Real Estate Services | 2012-now

Marketing and Graphic Design

- Design promotional material for the agents and firm.
- Make social media ads and post for the company.
- Maintain corporate branding
- Design (Wordpress) and maintain 4 websites with multiple users.

Apartment Hunters | 2010-2012

Agent

- Guided clients to their new apartment.
- Follow up with properties to check on client's move.

My City Eats | 2009-2010

Sole Designer

- Designed the quarterly publication for both MyCityEats magazines in Orlando as well as Miami.
- Responsible for ads and articles for both.
- Marketing materials for the magazines.

Industry Magazine | 2009

Graphic Designer

- Design the bi-monthly publication.
- Produced 6 magazines.

ABC Fine Wine & Spirits | 2003-2009

Shop worker - Graphic Designer

- Used large format printer to print signs.
- Splined signs on frames.
- Applied Graphics to truck trailer.
- Designed Monthly postcards and flyers.
- Designed store signage.
